

Riveo Aqua 02 Deluxe Kit

Product # 705AQUA02D170

DESCRIPTION

Kit for square shower with sliding doors

Stainless steel hardware kit for the design of a square shower with access through two sliding doors of the same width and two fixed panels.

This kit includes uprights for the vertical adjustment of the fixed panels.

Both handles match the hardware.

Ball bearings provide continuous rolling comfort.

Note: The dimensions provided for the maximum height is calculated in relation to the use of uprights included in the set. However, for taller panels, you may use glass extrusions or fixtures (not included).

ADVANTAGES AND BENEFITS

Ideal for the installation of a corner shower with sliding doors. Save time during the design and installation thanks to the hardware in this set. This set includes virtually everything for glass installation. Available in the most popular finishes on the market.

IMPORTANT INFORMATION

For safety purposes, use tempered glass. The glass must be shaped according to the section plane provided in the box. The use of power tools during installation may damage the hinges and decorative hardware. This illustration is provided for visual reference only. Actual product may vary. Order hardware before starting the job. The manufacturer reserves the right to change product and information without notice. Always follow the instructions inside the package. Drawings and technical documents contain examples of hardware from different manufacturers. The customer may not in any case make a claim following the use of these documents. The Company disclaims any responsibility for the structural details related to a construction or project. Installation must always be done by qualified personnel. Make sure that the product is properly installed using suitable fixtures on the support material. Never exceed the maximum load or size recommended by the manufacturer. Never use a spray lubricant on this product. Maintenance: clean with a soft cloth and soap that is ammonia-free and nonabrasive.
