

H Door Sweep with Double Soft Fins

Product # 87S375H1025

DESCRIPTION

Sealing gasket designed for the bottom of a hinged door to create a glass shower stall. Simply insert the rigid section of the profile into the bottom part of the glass door.

ADVANTAGES AND BENEFITS

Ensures discretion thanks to its ultra clear finish. Its H shape ensures increased resistance against water infiltration. Its rigid side provides added stability when affixed to the glass door. The side with soft fins provides a more uniform movement during the door's opening and closing.
