

Lifter Flat P11104DC3

Product # 914798720

DESCRIPTION

Versatile rotator/tilter adds productivity and reliability to construction sites and the manufacturing floor.

Dual Vacuum models now available with intelligent-Grip technology, automatically monitoring vacuum and power systems to maximize safety and efficiency while simplifying maintenance and repairs.

Designed for use with hoisting equipment, P1-04DC3 lifters support loads using vacuum and manipulate loads using 180° rotation and manual 90° tilt motions.

ADVANTAGES AND BENEFITS

Flat and smooth surfaces lifter with intelligent-Grip and Dual Vacuum system. Ideal for glass and other materials for construction/installation and production/fabrication.

TECHNICAL SPECIFICATIONS

Product #	914798720
Load Capacity	700 lb
Operating Power	12 V
Brand	Wood's Powr-Grip®
