

Tapered Tips - Windshield Installation Paddles

Product # AUWT100

DESCRIPTION

Two tapered ends

The installation paddle is used in its various forms to insert the weatherproof seals automobiles. Very safe for glass, the Delron plastic paddle is equipped with two rounded end caps.

The installation paddle is made of a non-adhesive plastic material, so that the polyurethane can easily be removed from the plastic. This tool is convenient for positioning rubber seals or polyurethane cords, and scraping excess.

TECHNICAL SPECIFICATIONS
