

180° Glass-to-Glass Magnetic Safety Gate Latch

Product # PGLGG180E170

DESCRIPTION

Magnetic Latch

This magnetic latch features a side pull latch to further lock the glass door. Ideal to make the junction between two panels of glass in a pool area.

ADVANTAGES AND BENEFITS

Gives an exceptionally clear view for any outdoor space. Ideal for the security fence around a swimming pool. Resistant to water and weather.

TECHNICAL SPECIFICATIONS

Product #	PGLGG180E170
Type of Mounting	Glass Mount
Safety Glass Thickness	12 mm
Finish	Stainless Steel
Height	100 mm
Width	61 mm
Length	100 mm
Material	Stainless Steel 316
Glass Drilling	Required
Recommended Location Usage	Interior, Exterior
Mounting Side	Reversible
Product Type	Bolt
Milling C/C	72 mm
Milling Diameter	16 mm

APPLICATION

- Swimming pool and gate safety hardware - Designed to create a junction between two adjacent glass panels. - Used in all manner of glass balustrade projects.

INCLUDED PRODUCT(S)

Screw caps designed for the black side pull latch included

IMPORTANT INFORMATION

The use of a magnetic latch with a gravity hinge maximizes safety and reduces access to the water. These components help prevent drowning, but do not replace close monitoring.

DISCLAIMER

This illustration is provided for visual reference only. Actual product may differ from the illustration. For safety purposes, use tempered glass. The glass must be shaped according to the section plane provided in the box. Always set the product in a suitable material. Never exceed the load or maximum size recommended by the manufacturer. Order hardware before starting the job. The manufacturer reserves the right to change product and information without notice. Always use the instructions inside the package.
