IMPORTANT INFORMATION

For safety purposes, use tempered glass. The glass must be shaped according to the section plane. Always set the product in a suitable material. Never exceed the load or maximum size recommended by the manufacturer. Always order hardware before starting the job. The manufacturer reserves the right to change product and information without notice. Always follow the instruction manual provided in the packaging. The drawings and technical instructions show mounting examples using hardware from different manufacturers. Richelieu expressly declines all responsibility for any design or construction, whether based on these documents or not. Installation must be done by qualified personnel.

DISCLAIMER

The preceding information as well as any technical recommendation given in writing, verbally or based on tests is provided to the best of our knowledge. However, recommendations are non-binding and do not diminish your responsibility for determining the correctness of these recommendations and the suitability of the product for your particular purpose. The application, use or processing of our products as well as the production of products based on our technical recommendations are beyond our control and therefore exclusively your responsibility. Sales of our products are subject to our most recent General Sales and Delivery Conditions. Please note that Richelieu will not accept any returns or claims for unpackaged products.
