

### **Dorma DRS Door Rail**

#### **Finish**

Brushed Stainless Steel Satin Aluminum

### **DESCRIPTION**

### System includes pivot

Innovative design, quality materials, and the finest workmanship allow DORMA Rails and Header Systems to meet the most demanding conditions. The systems have been independent-laboratory tested for holding force under any climate condition.

The DRS Rail System, the original clamp-on rail system from DORMA, allows for the easiest and quickest door assembly of any rail system on the market. Simply clamp the rails onto a piece of tempered glass and the system is ready for installation. The system allows for job-site door height adjustment to compensate for irregularities in the door opening. Additionally, the snap-on rail covers need not be installed until job inspection, keeping construction site damage to a minimum.

#### ADVANTAGES AND BENEFITS

- Easiest and quickest door assembly of any rail system on the market. - Allows for jobsite door height adjustment. - Snap-on rail covers can be installed after job inspection, keeping construction site damage to a minimum.

#### **AVAILABLE PRODUCTS**

Product #	Finish
704225406120170	Brushed Stainless Steel
704225406120010	Satin Aluminum

# **TECHNICAL SPECIFICATIONS**

Length	35 3/4 in
Glass Thickness	1/2 in
Height	4 in

#### IMPORTANT INFORMATION

For safety purposes, use tempered glass. The use of power tools during installation may damage the hinges and decorative hardware. The glass must be shaped according to the section plane provided in the box. Always set the product in a suitable material. Never exceed the load or maximum size recommended by the manufacturer. Never use a spray lubricant on this product. Maintenance: clean with a soft cloth and non-abrasive soap or ammonia. This illustration is provided for visual reference only. Actual product may differ from the illustration. Order hardware before starting the job. The manufacturer reserves the right to change product and information without notice. Always use the instructions inside the package. Drawings and technical documents contain examples of hardware from different manufacturers. The customer may in no case make a claim following the use of these documents. The Company disclaims any responsibility for the structural details related to a construction or project. Installation must be done by qualified personnel. Always make sure that the product is properly installed using suitable fixings to the support material. Never exceed the load or maximum size recommended by the manufacturer. Never use a spray lubricant on this product.
